

SUPASTRIP® PRISM

Making Light Work
of Opening

The Supastrip® Prism collection combines the renowned easy opening experience of Supastrip® tear tape, with the high impact of holograms.

Holograms are well-established and understood by consumers, and represent an excellent brand enhancement option.

However, introducing holograms to your packaging can be expensive BUT why not use the Supastrip® Prism to **change the tape**, **not the pack**? The Prism collection can deliver a premium feel, eye-catching appeal or brand protection within your budget.

WHY CHOOSE A SUPASTRIP PRISM TEAR TAPE

VARIETY

A range of four holographic formats designed to deliver decorative impact through to brand protection.

STAND OUT ON SHELF

High impact creative design and print capabilities enable Supastrip® Prism to enhance your brand and engage your customers.

FRUSTRATION FREE OPENING

The easy opening benefits of Supastrip® are maintained with Prism tear tapes for flexible packaging applications.

EASY TO IMPLEMENT

Our range of applicators makes it easy to apply tape to packaging on new and existing lines. We also offer renowned 360-degree engineering support to ensure customer satisfaction.

UNSURE WHAT YOU NEED?

Our tapes **technical support team** is here to help you identify your precise needs.
